

GRAVEYARD ROMEOS

Graveyard Romeos is a high energy hard rock/ metal band from Lexington, Ky that is sure to get the party going whenever they play! Their focus is primarily on 80's "hair metal" such as Poison, Motley Crue, and Bon Jovi, so you know that the ladies will be up and filling the dance floor, while the boys in the band also play hits from the likes of Ozzy Osbourne, Judas Priest, and Iron Maiden, assuring that the guys will also be rockin' and rollin' all night long!

The band has been together since 2012 and have opened shows for National acts such as Ratt, Drowning Pool, Saliva, and Saving Abel to name just a few. They have also been the recipient of three Lexington Music Awards – one in 2019 for "Best Cover Band" and in 2020, 2021, and 2023 for "Best Metal Band".

As professional as they come, Graveyard Romeos are always ready to rock with a full PA and light show including moving beam lights and plenty of fog to bring the mood and atmosphere of a full concert to your venue! With enough songs to fill a 4 set show, the band can easily tailor their show to fit your needs.
